"TOTALLY AMAZING SHOW!

We sold out & had a spirited crowd that sang along with every song! Not only did Michael and Amy have incredible voices, but they were soooo friendly to our staff and guests. I can very much see them becoming a tradition in our season. Before I even left the venue, people were asking me to have them back. Thank you so much for recommending them! "If you have an opportunity to book Michael and Amy, I highly recommend that you take advantage of that chance! Their show will have your audience clapping and singing along from the first song to the last. Their skills as accomplished pianists are equally matched by their skills as comedic entertainers. They will have your audience laughing from start to finish. I lost count of how many standing ovations Michael and Amy received. Our patrons told us over and over that Michael and Amy Dueling Pianos is the best show we've ever presented."
